**PRESS NOTE**

The students of Himachal Pradesh National Law University went on strike and started their protest on September 17<sup>th</sup>, 2019 demanding various amenities/facilities relating to infrastructure.

The University was established in September, 2016 and remained functional in Himachal Pradesh Judicial Academy Campus till June 27<sup>th</sup>, 2019. The space, then provided, was insufficient for running of classes, library and other curricular activities. From the very beginning, hostel accommodation was ensured by hiring private buildings in and around the Judicial Academy campus. It is pertinent to note that these buildings are primarily constructed for private use, and thus, cannot be compared with any properly constructed Hostel.

The construction of University campus started in the year 2018. After repeated requests and follow up, the University could get the Administrative Block only on June 28<sup>th</sup> 2019. The University Campus was shifted to the under-construction building on June 28<sup>th</sup> 2019. It was done to deal with foreseeable problems with respect to academic and administrative infrastructure which the university has faced since its inception.

In view of the letter received from students, the University on its behalf, releases the following statement:
